

BUREAU COUNTY UNITED WAY

Community Impact Grant Application

Bureau County United Way will award Community Impact Grants based on the type of program service provided to Bureau County residents. A proposed project must have measurable outcome, i.e. accurate number of people served that can be verified, be a project that does not receive funds from another United Way, and will demonstrate a need for service to those receiving funding for a grant.

The BCUW Board of Directors will determine which projects meet the criteria for an award. The Board, based on the project and available funding, will determine the dollar amount.

Please provide the following information of the project for which you are requesting BCUW funding:

1. Service you will provide and the number of persons served. Are there other agencies or resources available if the applicant cannot provide it?

2. Established income guidelines for the recipients of this project. Income levels?

3. If this project is one that will be ongoing (from year to year), have you established guidelines for the number of times a recipient can benefit/use this service? _____

4. How will you fund this project if there is a year in which BCUW grant monies are not available? _____

5. Is your agency/group willing to identify BCUW as the provider of the grant award, i.e. press release, etc.? _____

Agency/Group Requesting Funding
Amount Requested \$ _____

Print Name/Signature _____ Date _____

Approved/ Denied _____ BCUW Signature(s) _____ Date _____

If necessary, you may attach additional information to clarify your project.
